## Personal Injury and CFA (Contingency Fee Agreements)

### Personal Injury/ Clinical Negligence

We will assess every case on its merit and risk assess it for possible acceptance as a No Win No Fee case on a Conditional fee Agreement with a maximum success fee of 25% of the damages recovered including VAT. This is a cap on charges which in low value cases or cases which settle promptly may not be reached and so the charges will often be 100% of our fee (subject to detailed risk assessment) based on an hourly rate of £295 but no more than 25% of damages. If accepted this would mean no cost at the outset.

#### Example 1

Personal injury case damages recovered £25,000 over a two-year period of dealing. Costs incurred 15 hours at £295 £4425.00 plus VAT. Success fee 100% £4425.00 plus VAT £885 total £5310 (21.24%)

## Example 2

Personal injury case damages £5000 settled after 9 months with 5 hours work at £295.00 plus VAT £1770. success fee 100% £1770 capped at 25% £1250 inclusive of VAT

If a case is not accepted as a No win no fee case, we would carry out an assessment of prospects and investigate the matter and would seek £1000 on account of costs and disbursements.

### Disbursements

We will often require medical notes and expert reports in personal injury matters. These generally have to be paid for but in no win no fee cases can be deferred for up to 24 months by an external agency. Court fees have to be paid prior to the issue of court proceedings. These vary from £455 to 5% of the amount claimed.

### Insurance

We will always investigate whether you have existing insurance that might fund your case. We can if required seek insurance cover for you at extra cost to protect you against adverse costs and own disbursements in the event that your case does not succeed.
